Love confession before the end of the world

by [MiaQc](#)

Summary

A tragic one-shot with Olimar/Louie.

The end of the world is near and Louie sees Olimar crying, with a blank look in his eyes. He lost everything.

- A translation of [Confession d'amour avant la fin du monde](#) by [MiaQc](#)

When I see my beloved Olimar crying, with a blank look in his eyes, my heart sinks. Olimar. He lost everything. His house collapsed in a huge earthquake. Before that, his wife and children died of the mysterious illness that has been afflicting Hocotate for months. Our planet is experiencing more and more cataclysms. The end of the world is near.

I look at the man I love and I'm speechless. I know we don't have much time left before the end. But what can I say to him to ease his pain? Confess my feelings? Isn't it too late for that? The end of the world is near.

Suddenly, I hear him whisper my name. Despite his cries and whimpers, he says "Louie." My heart bursts with pain.

"Olimar!" I say, as I hug him, then whisper, "I love you, Olimar. I love you."

We hold each other and the world ends. Our lives fade away together.
